

TIARA ESHWARA

UNDERGRADUATE

ABOUT ME

A passionate and dedicated technology enthusiast with a strong interest in web development and software engineering. Continuously driven to learn and grow, I approach new challenges with curiosity, discipline, and a problem-solving mindset. I am recognized for my ability to collaborate effectively, communicate clearly, and take responsibility for my work. I am eager to contribute to meaningful, well-structured projects while further strengthening my technical and analytical skills.

EDUCATION

- **BSc.(Honours) in Software Engineering** 2023 -present
NSBM Green University
GPA: 3.74 / 4.0
- **GCE A/L 2020 - ABC** 2006-2019
Weeraparackrama Secondry School

PROJECTS

Hospital Management System Ongoing

- Built a full-stack healthcare management system, implementing authentication, patient management, user administration, protected routing, and a modular architecture for scalable healthcare and inventory workflows.

Tech Stack: React JS | Next JS | SQL | vite |Tailwind CSS

Safelink 2026

- Developed a multi-platform emergency alert application using Flutter, Dart, Firebase, and Google Maps.
- Built a real-time safety alert app with Firebase Authentication, Firestore, push notifications, and SOS features.

Tech Stack: Flutter | Dart | Firebase

User Management System 2026

- Designed and built a full-stack web application enabling administrators to manage user accounts, assign roles, and update profile data through a structured dashboard interface.

Tech Stack: Java | Spring Boot | REST APIs |Postman

TECHNICAL SKILLS

Programming Languages

- Java
- Javascript
- Python
- Dart
- TypeScript
- C#
- C
- PHP

Web Frameworks

- HTML
- CSS
- ReactJS
- NodeJS
- SpringBoot

Database Systems

- MySQL
- PostgreSQL

Tools & Technologies

- AWS
- Git
- REST APIs
- Unit Testing
- Agile/Scrum

Warehouse Management System

2025

- Developed a Java-based Warehouse Management System to streamline inventory management, ASN processing, order fulfillment, and shipment tracking.

Tech Stack: J2EE/MVC | Servlets | JSP | JDBC | MySQL

Air Traffic Conflict Detection

2025

- Built an Air Traffic Conflict Detection system in Python to identify potential aircraft trajectory conflicts and support safer route monitoring.
- Developed data-processing and analysis workflows for trajectory/conflict detection, demonstrating skills in algorithm design, simulation, and aviation data handling

Tech Stack: Python

Employee Payroll System

2024

- Developed a payroll management system for processing employee salaries and maintaining employee records. Implemented features for salary calculation, data management, and basic payroll operations to simulate real-world HR systems.

Tech Stack: Java | Spring Boot | MySQL

E-Commerce Website

2024

- Built a web-based e-commerce platform featuring product catalog browsing, cart management, and checkout flow. Focused on creating a smooth user experience and responsive UI design

Tech Stack: HTML | CSS | JavaScript

CERTIFICATIONS

- Fundamentals of Machine Learning and AI – AWS
- HTML, CSS, and Javascript for Web Developers – Johns Hopkins University
- Fundamentals of Generative AI – Microsoft
- Fundamental AI Concepts – Microsoft
- Fundamentals of Facial Recognition – Microsoft
- Web Design for Beginners – University of Moratuwa
- Python for Beginners – University of Moratuwa
- Introduction to Microsoft 365 Copilot – Microsoft

ACHIEVEMENTS

- University Colours** **2025**
Champion - Kensho Karate International 28th Open Karate 'KATA' and 'KUMITE' Events
- University Colours** **2024**
Champion - Kensho Karate International 26th Open Karate 'KATA' and 'KUMITE' Events

INTERESTED FEILDS

- Software Engineer
- Full Stack Engineer
- Quality Assurance (QA) Engineer

SOFT SKILLS

- Problem Solving & Root Cause Analysis
- Leadership Skills
- Critical Thinking & Decision Making
- Incident Handling
- Team Collaboration & Communication
- Time Management & Prioritization
- Adaptability & Continuous Learning
- Attention to Detail
- Documentation & Knowledge Sharing

VOLUNTEERING

- IEEE Computer Society Member
- Association of Software Engineering Society Executive member
- CCCI for Cloud & Cyber Innovation Society Member
- NSBM Karate Faculty Coordinator
- NSBM Volunteering Club Executive member
- Mathematics and Statistics Circle Society Member

LANGUAGES

- English
- Sinhala
- Japanese
