

DILUKSHA RANDIMAL

No 06, katuwila, Ahungalla | Diluksharandimal2005@gmail.com | [linkedin.com/in/diluksha-randimal](https://www.linkedin.com/in/diluksha-randimal) |

Passionate and results-driven Junior Web Developer with hands-on experience in WordPress and MERN Stack development. Completed an internship at Alphatech.lk, contributing to multiple client projects including full-stack applications and e-commerce platforms. Skilled in building responsive, user-focused web solutions and integrating backend systems for seamless functionality. Seeking to leverage technical expertise and teamwork skills to grow as an Associate Web Developer in a dynamic environment.

WORK EXPERIENCE

Alphatech.lk — Junior Web Developer (Intern) March 2025 – Present | Remote

Key Responsibilities & Achievements:

- Developed and deployed multiple client projects using MERN Stack and WordPress.
- Created Southern Divers full-stack website using React.js, Node.js, Express, and MongoDB, implementing responsive UI and API integrations.
- Built Reebonn e-commerce site using WordPress (WooCommerce) with optimized performance, SEO configuration, and plugin customization.
- Designed and implemented Ordly, a custom system to synchronize WordPress site orders with an admin dashboard — managing orders, payments, and analytics via MERN.
- Collaborated with senior developers and designers using Git, Figma, and Agile workflows to ensure timely delivery and quality assurance.
- Contributed to debugging, testing, and deployment pipelines for both client and internal projects.

Tech Stack:

- React.js, Node.js, Express.js, MongoDB, WordPress, PHP, JavaScript (ES6+), HTML5, CSS3, Git, REST APIs, JSON, Figma

EDUCATION

Higher National Diploma (HND) in Software Engineering 2023 - 2024

- Higher National Diploma (HND) in Software Engineering

Diploma in Software Engineering 2022 - 2023

- National Institute of Business Management (NIBM), Sri Lanka

TECHNICAL SKILLS

- React.js, Next.js, HTML5, CSS3, JavaScript
- (ES6+), Bootstrap, Tailwind
- WordPress
- WooCommerce
- Elementor
- Node.js, Express.js
- MongoDB, MySQL, PostgreSQL
- REST APIs
- Version Control
- Figma
- SEO

PROJECTS

- **Southern Divers (MERN Stack)**

Developed a responsive full-stack website for a diving service provider with booking, gallery, and dynamic content management using MongoDB.

<https://southerndivers.lk/>

- **Reebonn E-Commerce (WordPress + WooCommerce)**

Built an SEO-optimized, high-performance online store with secure payment integrations and a custom product management interface.

<https://reebonn.com/>

- **Ordly System (MERN + WordPress API Integration)**

Created a system to synchronize WooCommerce order data with a MERN-based dashboard, enabling order tracking, payment management, and analytics.

- **Other Web Projects**

Contributed to multiple internal and client-based projects at Alphatech.lk, focusing on UI responsiveness, performance optimization, and database integration.

PROFESSIONAL DEVELOPMENT

- Completed multiple online projects and challenges to strengthen skills in React.js, Node.js, and API integration.
- Regularly follow and implement updates from MDN Web Docs, W3Schools, and freeCodeCamp to improve coding standards.
- Continuously learning Next.js, TypeScript, and React Hooks for modern frontend development.
- Exploring CI/CD pipelines, Docker, and cloud deployment (Vercel, Netlify) for efficient project delivery.
- Passionate about clean code, reusable components, and modern web architecture.

CERTIFICATES

- [JavaScript \(Basic\) Certificate](#)
- [SQL \(Basic\) Certificate](#)
- [CSS \(Basic\) Certificate](#)
- [React \(Basic\) Certificate](#)

ACHIEVEMENTS

- Recognized by Alphatech.lk mentors for outstanding teamwork and technical initiative.
- Delivered multiple production-ready websites ahead of deadlines.
- Constantly improving skills in backend scalability and cloud-based deployment strategies.
