OBJECTIVE

Seeking the Change Analyst position in an environment where I can utilize my experience and my knowledge to add value to an organization.

EDUCATION

Bachelor's Degree in Computer Science, 2012

Mesa State College, Grand Junction, CO

EXPERIENCE

Change Analyst | HMI

2016–Present

- Designed and implemented change plans and communication plans and produced associated documentation to support change.
- Administered the engineering change review and approval process and ensured that all changes were accurately reflected in the Agile database and were in compliance with documented procedures.
- Controlled and released data files and workflow management of data management processes.
- Assisted with the review of Engineering Change Orders for compliance with applicable procedures, work instructions, and forms.

Change Analyst | Ascent Services Group

2014-2016

- Notified management when Stop Ships were initiated and when they resumed.
- Coordinated change approvals as the liaison between approvers and requestors.
- Ensured the accurate release and control of Engineering product documentation.
- Managed work instructions 057-0091-00 to ensure the Agile Master List was maintained.
