

Chathumal Navanjana Danthanarayana

I am a hardworking and ambitious individual with a great passion for the Software Engineering industry. I have graduated with a Bachelor's degree in Software Engineering and am currently pursuing a Master's degree in Cyber Security. Throughout my studies, I developed a solid foundation in programming and website development. I also have one year of professional experience and am eager to apply the knowledge and skills I have acquired during my studies and work. I am seeking for an associate position and hope to connect with professionals in the field and learn more to practice my knowledge and get a good experience and training.
