

IMAL KESARA

Software Developer
Undergraduate

ABOUT ME

Software developer with a passion for building scalable web applications and optimizing user experiences. Proficient in Javascript/Typescript, Java, and Svelte / Spring Boot, Turning complex problems into elegant, efficient code. I thrive in collaborative environments and am committed to shipping high-quality, maintainable software that drives business value.

WORK EXPERIENCE

IMAGE ANNOTATOR | 2021 – 2023

BRIA Ai

- Responsible for image collection and annotation at Bria Ai. Labeled and organized large visual datasets to support the development of AI models, ensuring all images were accurately categorized and curated according to project requirements
- Dataset Management: Efficiently processed and labeled high-volume image datasets to improve accuracy for generative AI models.

PROJECTS

INKSTUDY | 2025 (INDIVIUDAL) – ONGOING

Tech Stack – Sveltekit , DrizzleORM , BetterAuth

- An interactive digital whiteboard platform designed for students to transform static lecture slides into dynamic, annotatable study environments with integrated PDF support.
- To bridge the gap between lecture content and active note taking by allowing students to overlay additional context and media directly onto uploaded educational materials.

Github :- <https://github.com/ImalKesara/InkStudy>

PERSONAL FINANCE BUDGETING SYSTEM | (GROUP) – 2026

Tech Stack – Flutter , Provider , Firebase , Sqlite

- Built a cross-platform Flutter application with efficient state management and seamless device integration to deliver a smooth and responsive user experience.
- Integrated Firebase for real-time backend services and authentication, along with SQLite for secure local data storage and offline data persistence.

Github :- <https://github.com/hewageumesha/Personal-Finance-Budgeting-System>

FAMILY-GYM SYSTEM | (GROUP) – 2025

Tech Stack – Sveltekit , DrizzleORM , BetterAuth , Valibot , Playwright

- A comprehensive facility management platform that digitizes physical gym operations, focusing on real-time attendance, automated memberships, and professional workouts and nutrition reporting.
- **Contribution:** Engineered the QR-code authentication system, built the PDF generation engine, and integrated SendGrid for automated communication. Designed the entire reactive dashboard UI and membership logic.

Github :- <https://github.com/ImalKesara/Family-Gym>

FILM-BOOKING SYSTEM | (GROUP) – 2025

Tech Stack – Sveltekit , Spring Boot , MySQL, Hibernate

- A high-performance movie reservation system featuring real-time seat availability, film scheduling, and a seamless booking checkout flow.
- **Contribution:** Developed the entire SvelteKit frontend, engineered the interactive seat mapping UI, and integrated RESTful APIs from the Spring Boot backend for real-time data fetching.

Github :- <https://github.com/ImalKesara/Film-Booking-Sys>

MULTI-USER CLI CHAT APPLICATION | (INDIVIUDAL) – 2025

Tech Stack & Concepts – Java , Hibernate , Java RMI , Design patterns , Multithreading

- A robust, multi-user messaging system built on a distributed architecture using Java RMI to facilitate real-time communication between remote clients
- **Contribution:** Engineered the core RMI server-client registry, implemented thread-safe message broadcasting, and designed the system using the Singleton and Observer patterns.

Github :- <https://github.com/ImalKesara/MultiUserChatApplication>

STUDENT MANAGEMENT SYSTEM | 2025 (GROUP) – 2024

Tech Stack – Java , JavaSwing , MySQL

- **Contribution:** Designed the end-to-end user interface for optimal administrative workflow and designed a relational database schema.

Github :- <https://github.com/ImalKesara/Student-Management-System-Java>

University Of Ruhuna | 2022 – Present

EDUCATION

Bachelor of Information and Communication Technology (Hons.)

- GPA: 2.80 (Current GPA)
- Relevant Coursework: Artificial Intelligence, Object Oriented Programming, Software Engineering, Core Java, Advanced Java, MySQL, Flutter, Distributed and Cloud Computing, Computer Networking & Application.

G.C.E. Advanced Level (2020)

Vidyarathna University College – Horana

G.C.E. Ordinary Level (2017)

Arawwala East Dharmapala Maha Vidyalaya – Pannipitiya

CERTIFICATES

Hacktoberfest 2025 | Tree-Nation Certified Open Source Contributor

Github Foundations – 2026

Hackertail 1.0 | University of Ruhuna

SKILLS

Languages & Tools

C, Rust, JS/TS, Java, Svelte/SvelteKit, NodeJS, Spring Boot, Flutter, Dart ,Tailwind CSS, MySQL, PostgreSQL, Supabase, Appwrite , Git, ClickUp
